NH DHHS COVID-19 Update – May 6, 2020

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Wednesday, May 6, 2020, DHHS announced 108 new positive test results for COVID-19. There have now been 2,740 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are four individuals under the age of 18 and the rest are adults with 55% being female and 45% being male. The new cases reside in Hillsborough County other than Manchester and Nashua (27), Rockingham (18), Merrimack (7), Strafford (5), and Belknap (1) counties, and in the cities of Manchester (34) and Nashua (10). The county of residence is being determined for six new case.

Twelve new hospitalized cases were identified for a total of 307 (11%) of 2,740 cases. Eleven of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

DHHS has also announced 19 additional deaths related to COVID-19. We offer our sympathies to the family and friends.

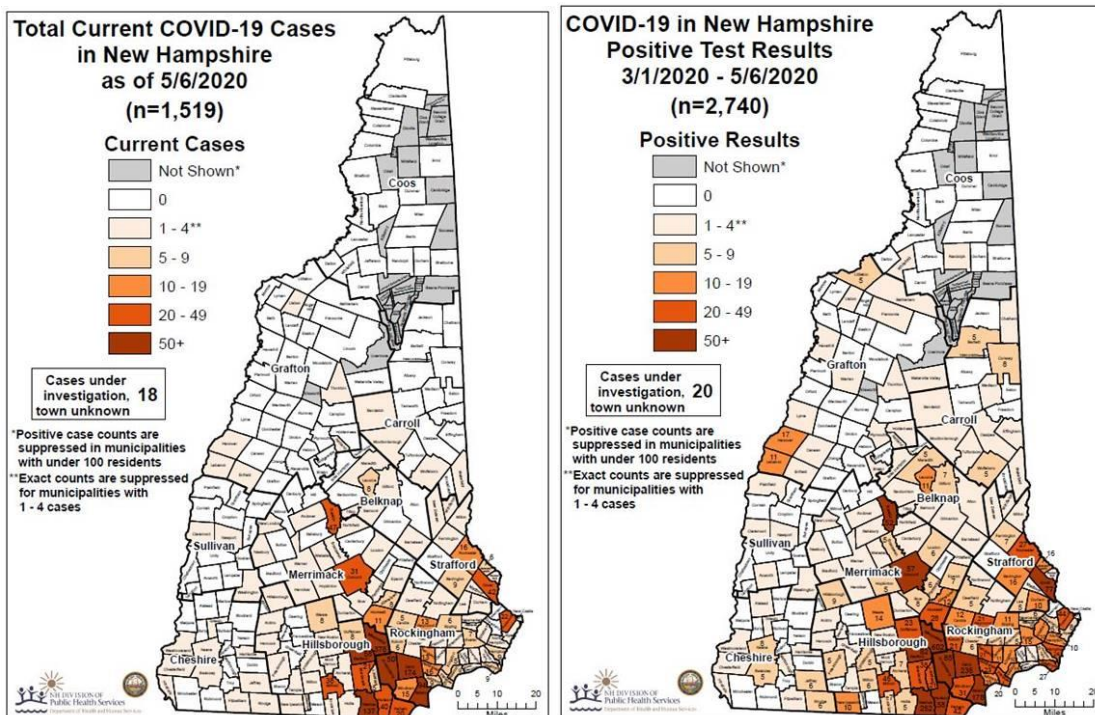

- 2 female and 2 males from Hillsborough County, 60 years of age and older
- 2 females and 1 male from Merrimack County, 60 years of age and older
- 6 females and 6 males from Rockingham County, 60 years of age and older

The following list of institutional outbreaks is updated to incorporate the deaths announced today:

Facility	Deaths
