

PREVENTION TRAINING FOCUS SIGN SUICIDE

PREVENTION TRAINING

Focused on the **non-clinical role of suicide prevention** in healthcare and recovery centers

Nov. 25, 2019 ~ 8:30 AM - 4:30 PM

North Country Health Consortium
262 Cottage St. Suite 230 Littleton, NH

Participants will:

- Understand suicide, prevalence nationally and worldwide, and ambivalence
- Understand risk and protective factors, safe messaging, and how substance use and mental health relate to suicide
- Learn how to intervene with individuals at-risk, connect them to appropriate resources, and best-practices for restricting access to lethal means
- Explain prevention and intervention education and resources, including Zero Suicide approach, Signs of Suicide (SOS), NAMI Connect, Recognize, and Counseling Against Legal Means (CALM)
