## **NH DHHS COVID-19 Update – July 11, 2020**

**Concord, NH** – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Saturday, July 11, 2020, DHHS announced 33 new positive test results for COVID-19. There have now been 6,024 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are three individuals under the age of 18 and the rest are adults with 63% being female and 37% being male. The new cases reside in Hillsborough County other than Manchester and Nashua (9), Rockingham (6), Belknap (2), Coos (2), Merrimack (2), Grafton (1), and Strafford (1) Counties, and in the cities of Manchester (3) and Nashua (7).

Four new hospitalized cases were identified for a total of 589 (10%) of 6,024 cases. Nine of the new cases have no identified risk factors. Community-based transmission continues to occur in the State and has been identified in all counties. Most of the remaining cases have had close contact with a person with a confirmed COVID-19 diagnosis, recently traveled, or are associated with an outbreak setting.

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- 1 female resident of Hillsborough County, 60 years of age and older
