## Supporting NH's Families in Addiction: Resources to Help Kinship Caregivers

### Target audience includes:

Behavioral health professionals, physicians, physician assistants, nurse practitioners, nurses, and others working in healthcare and human services

Learn the **effects** of parental substance use disorder on all family members, with particular focus on the children. Emphasis will be on ways to promote increased **resiliency** and hope for recovery in family members. Following is a panel of **resources** and programs available for children and kinship caregivers.

### Objectives:

- Model empathy for all members of the family, including parent with addiction
- Describe effects of parental addiction on children
- Promote resiliency and hope for recovery for all members through community programming

**June 23, 2022**

**9:00 - 11:00 AM**

**Cost: \$30.00**
