Application for Membership

We work to:

▸ improve the health of individuals and the overall health of the region
▸ improve infrastructure, capacity, and delivery of public health services
▸ improve access to services for underserved and uninsured North County residents

Together with other organizations throughout the region, we provide, coordinate, or facilitate:

▸ regional forums on health issues affecting the North Country
▸ community needs assessments and health status monitoring
▸ program planning, development, implementation, and management
▸ project-related technical assistance

Our Northern NH Area Health Education Center:

▸ education and support for healthcare students and professionals
▸ community health worker training
▸ custom tailored trainings for other organizations, such as: motivational interviewing, mental health first aid and many other opportunities.
