Community Health Workers promote healthy behavior and improve overall quality of life – with compassion for the communities we serve.

We build relationships on a foundation of mutual respect and trust to guide individuals in overcoming barriers and creating paths to personal success.

What is a Community Health Worker?

A CHW is an important member of the healthcare, public health and human service workforce, and a trusted member of the community. This trusting relationship enables him/her to serve as a bridge between community members in need and the services that can help improve their health and quality of life.

What is the purpose of a NH Coalition?

To bring together Community Health Workers, along with supportive health professionals, stakeholders and community leaders, to promote the role and value of CHWs in improving health outcomes.

What Does the Coalition Do?

- Helps to articulate the role and scope of practice for CHWs.
- Advocates for integration of CHWs into healthcare and social service settings.
- Educates on the value and advantages CHWs bring to healthcare.

- Provides statewide continuing education, advocacy and networking opportunities for CHWs and those who share this role under various titles.

- Provides a platform to inform communities of initiatives and programs that promote healthy living.

Why Join the Coalition?

- Be part of a unified CHW movement.
- Gain new experiences and leadership skills.
- Receive on-going education and discover networking opportunities.
- Be part of a healthcare solution.
- Help promote unity among diverse populations and discover available resources.

Who Should Join the Coalition?

Those who work in any healthcare field and support the work of the Coalition. **Membership is free.**
