

North Country Substance Use Disorder and Prevention Series:

Oral Health and SUD: Addressing Barriers to Treatment

North Country
HEALTH CONSORTIUM

Target audience includes:

Nurses, providers, mental health professionals, dentist and dental hygienists, alcohol & drug counselors, prevention specialists, recovery support workers, others working with clients in recovery.

**Continuing Education Provided - See Registration!*

Good **oral health** is key to overall wellness and **recovery** for those with substance use disorders. During this panel discussion, attendees will **increase** their **awareness** about many oral health related concerns related to substance use. along with effective **management** and **treatment** strategies using an **interprofessional, patient-centered** approach.

This presentation will guide participants to:

- Recognize how oral health issues affect individuals in recovery.
- Identify strategies to improve the oral health of those in recovery.
- Identify new guidelines for the NH Medicaid program that increase the adult populations in recovery eligible for dental coverage.
