Objectives:

- Identify the risk factors and warning signs associated with suicide.
- Understand the correlation between suicide, Substance Use Disorder (SUD) and mental health.
- Gain the ability to talk about suicide, using person first language to reduce stigma and promote help seeking behavior.
- Understand the local and national statistics regarding suicide.
- Describe the role of Recovery Coaches in suicide prevention.
- Recall and practice strategies for suicide prevention.
- Understand crisis protocol as a response to suicide prevention.

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant number D04RH3164 for the Rural Health Care Services Outreach Grant Program and grant number H1URH32387 for the Rural Health Opioid Program. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.

This course is pre-approved for 6CEs by the NH Board of Alcohol and other Drug Abuse Counselors: 2 CE for Advocacy, 2 CE for Recovery/Wellness, 1 CE for Ethics and 1 CE for Mentoring and Education.
